COMPLETE HISTORICAL PAPHIOPEDILUM HYBRIDS SURVEY

This survey consists of selected paph hybrids arranged by decade. The 16 experts (listed at the end) marked the hybrids they considered “the most important in each decade” and gave reasons. The experts also listed OTHER hybrids they considered important which had not been originally listed.

EARLIEST PAPH HYBRIDS

# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY	REASON
5	Harrisianum	barbatum	villosum	1	84	2890 'G.S. Ball', 'Luteola'	oldest and still great; clones from 1869 still exist; critical step in red breeding; forerunner of reds
	Wellesleyanum	concolor	godefroyae	62	44	83 no clones extant from era	
7	Nitens	insigne	villosum	4	69	14423 no clones extant from era	most important complex standard breeder; foundation of standard complex hybrids
13	Leeanum	insigne	spicerianum	20	156	15590 'Clinkaberryanum', 'J. Gurney Fowler'	important, underpinning parent; great show plant; foundation of standard complex hybrids
5	Greyi	godefroyae	niveum	37	76	255 no clones extant from era	still a great cross; ancestor of fine whites; shape and color
Other							

1890 - 1899

# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY	REASON
4	Berenice	lowii	philippinense	71	36	60 no clones extant from era; 'Stella'	great parent for color and multi-florals; great show plant; easy to grow and bloom; color progeny; development of complex hybrids
3	Hera	boxallii	Leeanum	0	90	13098 no clones extant from era	
6	Psyche	bellatulum	niveum	54	81	2031 no clones extant from era	great parent for large brachy breeding; great show plant; important white parent; laid foundation of future white breeding; new form
1	Gowerianum	curtisii	lawrenceanum	12	60	1844	
1	Goultenianum	callosum	curtisii	35	77	806 'La Tuilerie'	
1	Aureum	Nitens	spicerianum	0	59	6698 no named clones extant	
11	Actaeus	Leeanum	insigne	8	103	12375 'Bianca'	irreplaceable grex of high importance; progeny; development of complex hybrids; early yellow parent
1	Nitens-Leeanum	Leeanum	Nitens	0	66	5747	
1	Lady Isabel	rothschildianum	stonei	77	59	79 no clones extant from era	excellent example of early multifloral hybrid
	William Mathews	lawrenceanum	mastersianum	6	48	748 no clones extant from era; 'Quist's'	
Other							
1	Redstart	Bingleyense	?			'Exbury' FCC/RHS	early good red
1	Calloso-barbatum	callosum	barbatum				progeny

1900 - 1909

# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY	REASON
15	Maudiae	callosum	lawrenceanum	179	294	3298 'Magnificum', 'Bankhouse', 'The Queen', 'Los Osos', 'Prieta'	most important paph hybrid in worldwide trade; most important paph hybrid on a global level; building block; best; foundation of line of Barbata and vini breeding; free flowering, easily grown novelty type; still the best of type: award quality
	Earl of Tankerville	exul	Nitens	0	60	3965 no named clones extant	

10	Saint Swithin	phlippinense	rothschildianum	270	160	232	no clones extant from era; 'Penn Valley'	great size and multi-floral; great parent and show plant; easy to grow and bloom; great flower quality; most important hybrid for multi-floral; one of first rothschildianum hybrids: 1st generation offspring
	Transvaal	chamberlainianum	rothschildianum	74	44	60	no clones extant from era; 'Orchid Loft'	
4	Christopher	Actaeus	Leeanum	0	104	10663	no clones extant from era; 'Grand Duke Nicholas' is very important but probably lost	touchstone of complex paphs; progeny
	Lady Dillon	Mrs. William Mosty	Nitens	0	79	10656	no clones extant from era	
1	Alcibiades	Leeanum	M. de Curte	0	116	11041	no clones extant from era	irreplaceable grex of high importance
1	Holdenii	callosum	Maudiae	15	61	733		significant improvement in this line of breeding
	Faire-Maud	fairrieanum	Maudiae	109	15	17	no clones extant from era; 'Eureka' might be around still	
Other								
1	Rossetti	Maudiae	insigne	1	0		'Fowler's'; of interest because it is still around	interesting albinistic breeder

1910 - 1919

# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY	REASON	
8	Alma Gevaert (Gavae)	lawrenceanum	Maudiae	24	84	370	'Mme. Maurice Mertens'	huge, stunning flowers hardly surpassed today; size and albinism of Barbata group; further improvement in type; progeny
6	Lord Wolmer	Hera	Leeanum	0	65	9623	no clones extant from era	bred size into complex standard hybrids; progeny; continued improvement in type
2	Eurybiades	Alcibiades	Hera	0	53	7743	no clones extant from era	progeny
4	Iona	bellatulum	fairrieanum	86	2	2	no clones extant from era	great beauty and overall charm; new direction of breeding; pretty early novelty hybrid
5	Julius	lowii	rothschildianum	109	19	19	no clones extant from era	superb, many FCCs; fine roth hybrid
1	Gloriosum	callosum	Holdenii	13	42	538	no clones extant from era	progeny
	Perseus	Alcibiades	Lady Dillon	0	86	2966	'Stonehurst'	
2	Mem. F. M. Ogilvie	Curtmannii	Pyramus	0	96	6438	'The Premier', 'Rex'; both probably in Japan or at USBG	important for spotted breeding
	Hestia	Cyclops	Lady Dillon	0	65	3292	no clones extant from era	
Other								
1	Astarte	insigne	Psyche					progeny (F.C. Puddle)

1920 - 1929

# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY	REASON	
	Warrior	Alcibiades	Lord Wolmer	1	62	4363	'H. Green's'	
6	Cardinal Mercier	Lathamianum	unknown	0	149	6899	probably gone	building block for standard complex breeding; foundation for red breeding for size and color
1	Swallow	Satyr	Swallowtail	7	61	625	'Karyn' probably not from era	great parent and show plant
	Cappamagna	Cardinal Mercier	Nubian	0	59	1605	no clones extant from era; Paph. Nubian 'AM/RHS', its parent, is around	
1	Vanguard	glaucophyllum	rothschildianum	51	15	16	no clones extant from era; "Pitt's", 'Eureka', 'Los Colinas'	direct offspring award quality
1	Chrysostom	Christopher	Pyramus	4	129	2846	no clones extant from era	improved size in green complex standards
2	Gold Mohur	Goliath	Lady Dillon	0	96	3480	no clones extant from era	important parent for modern standard complex hybrids
4	Gwen Hannen	Christopher	Florence Spence	1	88	7048	'Viridiflorum'	important in green/yellow breeding; foundation building block in standard complex breeding; progeny
	J. M. Black	Eurybiades	Beryl	1	62	3462	'AM/RHS'	
	Mrs. Eley	Christopher	Warrior	0	56	2442	no clones extant from era	
	Robert Paterson	Eurybiades	Mem. F. M. Ogilv	0	66	5665	Good'	
9	Chardmoore	Christopher	Lena	1	140	2365	'Ms. Cowburn'	great parent for British hybrids; progeny; exceptional parent; fine early parent; progeny size
3	Atlantis	Cardinal Mercier	Chloris	0	132	5428	'The Cardinal' - probably gone	progeny; fine early parent
	Mem. J. H. Walker	Lady Dillon	Cardinal Mercier	0	55	673	no clones extant from era	

2	Gertrude West	Lady Phulmoni	Robert Paterson	0	72	3357	'Uranus'	
Other								
1	Bordube	Florence Spencer	Viridissimum				'Eau de Nil'; perhaps the most important yellow parent	important plant
1	Maori	Jura	Thisbe Beckton				'Oaklands'	important spotted breeder
1	Stromboli	Nubian	Gaston Butler				'FCC/RHS'	good early red
1930 - 1939								
# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY		REASON
	Euryostom	Chrysostum	Eurybiades	0	64	1922	'Excelsior'	
3	Grace Darling	Gwen Hannen	Phantasy	3	91	5280		development of greens
16	F. C. Puddle	Actaeus	Astarte	3	208	1710	'Bodnant', 'FCC/RHS'	milestone in white breeding; most important white breeder; classic; foundation/building block of white hybrids; progeny; white breakthrough; best early white parent
	Balaclava	Gwen Hannen	Warrior	4	96	928	'Exbury'	
1	Beaute	Great Mogul	Warrior	1	66	998	'Linda', 'Helen', 'Freckleface'	foundation/building block of red hybrids
1	Gwenpur	Gwen Hannen	Purity	0	52	387	'Symmetry'	important green breeder
2	Diana Broughton	Doris Black	Grace Darling	3	72	3617	probably not around anymore	important green/yellow breeder
1	Mildred Hunter	Atlantis	Everest	3	100	1175	'Ilena'	progeny
5	Blendia	Lucarola	Mem. F. M. Ogilv	3	67	1349	'Magnifica'	important spotted breeder; progeny; fine spotted parent
	Blagrose	Cardinal Mercier	Eurybiades	0	78	1879	'A', 'B'	
3	Vanda M. Pearman	bellatulum	delenatii	78	12	14		stunning, beautiful, new type though relatively sterile;
Other								
1	Albion	Actaeus	niveum		25		'Bodnant', 'Wyldecourt'	attractive white
1	Momag	Cappamagna	Great Mogul				'McFie', 'Whatecroft Hall'	important red breeder
1	Finesse	Dixon Thorpe	Swallow				'AM/JOS'	most important Japanese breeder
1940 - 1949								
# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY		REASON
16	Hellas	Desdemona	Tania	7	297	1560	'Westonbirt', many other clones from selfings: 'Orange Delight', 'Rex', 'La Buena Tierra Sunset', 'Flirt', 'Sunset'	a star; important for form breeding; outstanding for gold/yellow/bronze complex standards; great parent and great show plant; most important for fall tones; still a good breeder; critical to development of clear yellows: vigor and size
6	Denehurst	Dervish	Lady Mona	2	103	964	'Surprise'	important for green/yellow breeding and form improvement; fine yellow parent
1	Onyx	Goultenianum	Maudiae	29	53	131		
1	Littledean	Akeley	Leven	3	29	856	'Agnes'	important for standard complex breeding
4	Farnmoore	Chardmoore	Farnley	3	78	1435	'Acrosis' = 'Rex', '#2'	important for standard complex breeding
7	Diversio	Alpha	Aussie	4	63	2466	'New Orleans'	outstanding parent for stud, complex greens; key in development of greens
1	Langley Pride	Eurystom	Maginot	0	56	834	'Laelia Sasso', 'Val'	important for standard complex breeding
1	Inca	Chardmoore	Hellas	2	54	246	'Penn Valley'	important for standard complex breeding
1	Wendbourn	Lambourn	Wendwater	5	71	550	'Earl', 'Duke'	important for standard complex breeding
Other								
2	Eridge	Doris Stanton	Rosalie				'AM/RHS'	parent of Winston Churchill; red and spot breeding
1	Wendover	Atlantis	John Henry				'Valentine'	important red breeder
1	Maginot	Chloristopher	Lady Chesham				'Langley's'	parent of Langley's Pride
1	Sheba	Decameron	Mem. J.H. Walker				'Enchantress'	parent of Gigi
1	Belisaire	Atlantis	bellatulum				'Sherwood' - not sure if this is the one which created Paeony, so maybe not important	parent of Paeony
1950 - 1959								
# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY		REASON

15	Winston Churchill	Eridge	Hampton	21	593	2589	'Indomitable', 'Redoubtable', 'British Enterprise', 'Wynwood', possibly some survive from various sib crossings	biggest star in red and red-spotted complex; parent of the century for size and spots of complex standards; superb; great flower and great breeder; finest spotted parent: vigor
	Milmoore	Mildred Hunter	Farnmoore	24	80	314	Maltese', 'Red Granite'	
7	Yerba Buena	Sanacderae	Diversion	5	118	1058	'White Caps', 'Brentwood'; 'White Caps' is the breeder	important for green/yellow breeding
8	Paeony	Noble	Belisaire	3	205	1465	'Regency', 'Rufus', 'Debonaire', 'Clover', 'Val', 'Althea'	important red complex; fine form and red stud; great flower and great breeder; vital for breeding of quality reds; parent of fine reds
1	Pacific Ocean	Farnmoore	Langley Pride	13	162	618	'Terry', 'Jamie', 'Hilo', 'Vallemar', 'Anne'	large and important in spot breeding
1	Redezelle	Robert Paterson	Doris Hunter	8	55	254	'Treasure' = '#3'	
	Lemon Hart	Ann Harper	Desire	0	54	270	'AM/RHS'	
	McLaren Park	Diversion	Bordube	7	43	1313	'San Mateo', 'Lodi', 'Tek'	
	Mendocino	Margaret	Farnmoore	7	24	144	'Charlotte', 'Denys'	
1	Gigi	Sheba	Momag	7	93	341	'Malibu', 'Sparkle', 'Claymoore', 'Bonsall'	
3	Sparsholt	Ernest E. Platt	Blendia	1	143	783	'Jaguar', 'Ocelot'	beautiful fall tone stud
1	Small World	Maori	Beaute	1	130	744	'Adventure'	
1	Dusty Miller	F. C. Puddle	Chardmoore	2	61	126	'Mary', 'Downlands', 'Dapple'	critical to the development of modern whites
Other								
1	Vallarrow	Rosemary Waithm	Harrow				'Red Challenger'	fine red being used more now in breeding
1	Wallur	London Wall	Bromohur	13	47	943		
1960 - 1969								
# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY		REASON
3	Thunder Bay	Blagrose	Blue Order	2	74	299	'Flash'	excellent breeder for petal width and red intensity
	Greenstede	Golden Moon	Dickler	0	59	173	'Stonehurst'	
1	Delrosi	delenatii	rothschildianum	59	13	14	not sure if members of original grex exist; all of Tonkin's plants from remake exist	new type of multi-floral though relatively sterile
2	Van Ness	Golden Diana	Burleigh Mohur	9	66	448	'Rounder', 'Husky', 'Lillian'	huge input of form into yellow complex
5	Orchilla	Paeony	Redstart	7	65	94	'Chilton'	classic, still finest red hybrid; quality red development; finest red to date
	Divisadero	Diversion	Golden Diana	4	48	465	'Val'	
3	Golden Acres	Golden Diana	McLaren Park	16	101	918	'Go Boy', 'Green Elf', many more	progeny, color
	Sandra Mary	Noyo	Santa Margarita	4	75	319	'Orchid Acres', 'Diablo', 'Colma'	
	Botan	Paeony	Wendbourn	1	53	83	'Maryland'	
	Silvara	Sungrove	F. C. Puddle	5	69	79	probably AOS awarded clones are gone; 'Lavender'	
12	Amanda	Radley	Paeony	6	177	606	'Joyance', 'Firebrand'	outstanding parent for red standard complex; great parent and show plant; great form, important stud; great flower quality and breeding not fully explored
1	Halo	La Honda	Littledean	17	63	423	'Fall Tones', 'Littlest Angel', many others	important green/yellow breeder
	Sarella	Hellas	Lady Sera	2	58	246	'Marsala'	
	Jack Tonkin	McLaren Park	F. C. Puddle	8	55	103	'Robin', 'Val's Choice'	
2	Kay Rinaman	Yerba Buena	Diversion	44	59	315	'Goldfinch', 'Val', 'Althea', many others	number of awards/improvement in yellows
1	Burpham	Finesse	Winston Churchil	2	54	126	'Penn Valley'	considered finest by some
4	Freckles	Burleigh Mohur	F. C. Puddle	47	125	227	'Althea', 'Val', 'Pink Dove', many others	important white complex with good shape; beautiful white/pink spots with awards; many great flowers
	Personality	Blendia	Winston Churchil	3	78	230	'Plus'	
Other								
2	Miller's Daughter	Dusty Miller	Chantal				'Quakeress'	best white for a decade; remarkable quality across the entire cross
1	Algonquin	Redezelle	Winston Churchill					great parent for modern reds
1	Carl Keyes	W.N, Evans	Firebrand				'Surefire'	parent of Keyeshill
1	San Francisco	La Honda	Wallur				'Althea', 'Grand Gold'	important yellow breeder
2	Caddiana	Golden Diana	Cadina				'Supreme'	outstanding parent for solid greens; good apple green breeder

2	Peter Black	Littledean	Hellas	6	43	268	'Emerald'	
1	Huddle	Hellas	F. C. Puddle	27	11	17		
1	Startler						'Glace' AM/RHS	
1970 - 1979								
# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY		REASON
	Hunston	Huntava	Winston Churchil	3	21	28	'Hurricane' - probably only in Japan	
1	Sheila Hanes	Agnes de Burc	Caddiana	13	55	274	'Grand Green'	further improvement in greens
1	Supersuk	William Mathews	sukhakulii	36	54	169	'Eureka'	
1	Docteur Knock	Procrustes	Maudiae	9	28	89		
3	Iantha Stage	sukhakulii	rothschildianum	68	14	14		fine hybrid; difficult to grow; fine roth hybrid
7	Makulii	Maudiae	sukhakulii	123	89	403		important parent for Maudiae types; new type for Barbata, especially albino and vini; great flower quality; new direction for breeders; number of awards
6	Keyeshill	Carl Keyes	Winston Churchil	24	61	221	'Potentate', many others	best red ever; important parent for red hybridizing
3	Great Pacific	Pacific Ocean	Winston Churchil	23	92	147	'Penn Valley', many others	important spotted hybrid; excellent range of spotted hybrids; size, vigor, cut flower
1	Valwin	Winston Churchill	Vallarrow	17	88	281	'Christmas Robe', many others	important red breeder
6	Jolly Green Gem	Meadowlark	San Francisco	12	93	389	'Perky', many others	excellent yellow complex; important green/yellow breeder
	Pinocchio	glaucophyllum	primulinum	30	47	81		
2	Green Mystery	Yerba Buena	Greenhorn	0	26	375	'White Lynx'	great green/yellow and important for white/green breeding
Other								
1	Via Ojai	Freckles	Hellas				'Winter Moon', 'Pink Sleigh', many others	great white/pink important for Japanese hybrids
1	Snowbird	Jack Tonkin	Diversion	5	19	40		
1	Mach One	London Wall	Margaret MacCar	1	26	66	'Synco'	
1	Rod McLellan	Sheerline	Golden Acres				'Wavecrest'	excellent yellow breeder
1980 - 1989								
# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY		REASON
13	Skip Bartlett	godefroyae	F. C. Puddle	2	144	534	'White Pepper'	most important for modern white breeding; truly exceptional white breeder/breakthrough; fine white parent; fertility
	Magic Mood	Golden Diana	Peter Black	19	72	105	'Guacamole', 'Honeydew', 'Butterscotch', many others	
4	Vintner's Treasure	Kowloon	callosum	38	71	754		building block for Maudiae breeding with good petals; important Barbata vini breeder; route into vinis and flame-tone novelties; fine early vini hybrid
	Susan Booth	rothschildianum	glanduliferum	120	79	98		
	Clarissa	Maudiae	Almum	6	18	388		
9	White Knight	Green Mystery	Skip Bartlett	41	100	216	'Clear Light', 'Sir Wharton', 'Sir Galahad', many others	first large white complex standard with high fertility; state of the art white; great parent and show plant
6	Voodoo Magic	Goultenianum	Vintner's Treasur	23	72	465		excellent black Maudiae-type parent; first great vini hybrid; building block for great petals; new standard
	Red Maude	Maudiae	Maud Read	45	62	437		
	Oriental Mystique	Oriental Frieze	Mystic Jewel	4	23	98		
	Raisin Pie	sukhakulii	Clarissa	38	29	84		
OTHER								
1	Donna Hanes	Peter Black	Kenacres				'Papa Aroha'	important breeder for size and yellow color
1	Billy Bunter	Meadow Mist	Via Avila Beach				'Tereapi'	
3	Lippewunder	Anja	Mem. Arthur Falk	15	42	42		German yellow complex hybrid superior in size, shape, breeding qualities to most grexes, just now entering the US.
1	Vintage Harvest	Chiant	Golden Acres				'Bordeaux' FCC/RHS, 'Vinho Verde' AM/RHS, 'Dreamer' AM/RHS	Fine quality yellow/green

1990 - 1999

# of votes	HYBRID	SEED PARENT	POLLEN PARENT	AWARDS	OFFSPRING	PROGENY	REASON
7	Macabre	sukhakulii	Voodoo Magic	181	86	143	great parent and show plant; important Maudiae-type; great flower quality; vinicolor development/exceptional uniform color
6	Magic Lantern	micranthum	delenatii	109	17	18	finest Parvi hybrid; greatest successes in Parvi primaries; new direction; best early Parvi hybrid; direct offspring award quality
7	Elfstone	Green Mystery	Palos Verdes	9	56	145	'Gargantua', many others great parent and show plant; building block for modern green/white breeding and size; new form and progeny
5	Norito Hasegawa	malipoense	armeniicum	59	13	14	new type; most fertile Parvisepalum primary hybrid; yellow Parvisepalum hybrid of perfection
1	Pulsar	Red Sky	Voodoo Magic	11	54	175	vinicolor development
	Ruby Peacock	Grand Master	Red Glory	11	20	30	
OTHER							
1	Michael Koopowitz	philippinense	sanderianum				great form, long petals, high fertility
1	Pavarotti	Harvest Time	Divisadero				'Papa Aroha' breeds great form and color consistently
2	Kimberley Szabo	Great Pacific	Via Recompensa				'Papa Aroha' important for increasing size in reds and red-spotteds
1	White Legacy	Greyi	Silver Anniversar	3	36	39	'Charmer'
1	Pacific Shamrock	Adilene Bobadilla	Emerald Magic	8	33	35	
1	Gloria Naugle	micranthum	rothschildianum				best roth hybrid to date
1	Screaming Eagle	Berenice	sanderianum				
1	Fumi's Delight	armeniicum	micranthum				new type

Names of those whose replies are tabulated above: Tim Culbertson; Bill Goldner; Olaf Gruss; Norito Hasegawa; Holger Perner; Gordon Slaymaker; anonymous; Ross Hella; Doug George; Hadley Cash; James Fang; Ron McHatton; Richard Haynes; Fumi Sugiyama; Roelie and Angela van Rooyen; Elizabeth PuLi Chen
